About Me

I'm Syed Wajahat Ali, a positive, enthusiastic and competent web developer who, over the years has built up diverse range of skills, qualities and attributes that help me grow faster as a web developer.

While studying in web development boot camp I have extensive experience working both alone and as a part of a team on challenging web development projects that require outstanding creative and technical capabilities to ensure all the work is optimized.

Skills

Front End:

- React
- Html5, CSS3, Tailwind CSS
- JavaScript ES6 ES7
- Handlebars

Back End:

- Mongo DB
- Express.js
- Git
- Node

Education

- **Web Development | Iron Hack**

April-2022 - September 2022

This bootcamp teaching helps to upgrade my knowledge of web development. Now, I understand the principle of web development. We used modern technologies for our projects during the bootcamp.

Work Experience

- **Private technician**

2016 - 2019

Worked as a self employed where my main tasks were problem solving of hardware issues from a simple mobile to a complex custom build computers.

- **Cashier**

2019 - current

Working in a fast paced environment where my main responsibilities were :

- Resolves customer issues and answers questions.
- Provides a positive customer experience with fair, friendly, and courteous service.
- Registers sales on a cash register by scanning items, itemizing and totaling customers' purchases.
